

# News From the Nighthawk Nest

SUMMER 2012 | Volume 2, Number 3

the

welcome

*to the Aerie - the Nighthawk nest of information. By definition, an aerie is the stronghold of a bird of prey that is perched on a height. Hanover Public School District's positive momentum to enhance all learning opportunities for students and forward focus for programming is carefully planned by all the stakeholders who roost in the district. Join us as we spread our wings and head toward a new horizon of communication with our redesigned newsletter, intended to give you a view from the nest.*

## from the Superintendent

Greetings All! Here's hoping that your summer is going at a snail's pace and you and your family have some time for fun and relaxation.

As I reflect back on the 2011-12 school year, many fond memories come to mind in regards to what was accomplished. First and foremost, the wonderful graduation ceremony and the inspiring words delivered by our co-valedictorians (Kyle Sheely & Rebekah Cartwright) as well as our salutatorian (Katarina Winhauer). Additionally, there were numerous programmatic, co- and extracurricular achievements, as well as our renovation/construction projects being 100% completed. Programmatically, we fully expect our new language arts series to have a profound impact on student's achievement in the near future. We are seeing some good results on benchmark assessments with our language arts as well as our math program that we implemented just a couple of years before. Worth noting is the amount of curriculum that has been updated to match the CORE standards from the state as well as the continued evolution of our own cyber - online learning program. Finally, we continue to fine tune and develop strong research based lessons and instructional strategies centered on the Learning Focused

Schools framework for instruction.

All of this was done despite being one of the most challenging budgetary years in the history of public schools in Pennsylvania. Our business manager, Mr. Wentz and I have provided a one page front and back insert with input from our budget and finance committee of the board. I hope you will take the time to read it and please don't hesitate to call our business office or I with any relative questions to the budget or the budgetary process utilized in the district.

Hanover Public School District's school board and staff will continue to do our absolute best to provide quality services as we balance limited resources with student and community needs. As we face continued fiscal challenges in the future, we are obligated to do our best to preserve the outstanding educational programs and provide our students with opportunities for learning and growth. We stand dedicated to honor our community's values and priorities through sound financial planning.

On behalf of all associated with the district, we thank you for your support during the 2011 - 2012 school year. The future will certainly be filled with challenges. Working together, we can make it another great year!

*The Hanover Public School District is committed to excellence in education by nurturing, challenging, and inspiring all students to achieve their full potential and to become productive citizens in a global community.*

# Help for *Haiti*

Several months ago two students at Washington Elementary School, Abbi Martin (4th grader) and Regin Smith (3rd grader), approached Mrs. Carol Forbes because they wanted to raise items to send to her school in Haiti, Institution Univer, before the end of the school year. After getting the "OK" from principal Dr. Tom Krout, they visited the school's website and chose three supplies that are ongoing needs for Univer: #2 pencils, colored pencils and bar erasers. A competition between classrooms was started as cardboard boxes were put in each classroom for the items that the students brought

They realized that students could come up with some French sentences by using Google Translate and decided to offer this to classes in second, third and fourth grades. Basic sentences were translated by Google's Translate site and then carefully scrutinized by a French teacher at Lamberton Middle School in Carlisle where Mr. Forbes teaches. Some French phrases were also checked by Amy Crist, French teacher at HMS. Letters were completed on June 4th and 5th and students were invited to bring in a small photo to attach to their letter. Thanks for your continuing hard work, Abbi and Regin!

to school. The classroom that brings in the most items will win a free recess in the final days of school. Also, they wanted to write letters to some of the students at IU. Letters had to be written in French because that is the language spoken in the school.

## **JO-ANN Fabrics Donates to Elementary Schools**

**Pictured above (L to R): Dr. Tom Krout, Stacey Morris, store manager and Becky Terry, assistant manager**

JO-ANN Fabrics and craft store located in Hanover has graciously donated \$2000 to the Hanover Public School District Elementary Schools. These funds will be used to help supplement yearly budget needs, supplies, and special amenities in each of the three elementary schools. JO-ANN Fabrics recently opened their new store at 1150 Carlisle Street in the North Point Plaza. They sell quality fabrics, plus craft and art supplies for all your family needs.

The district would like to thank JO-ANN Fabrics for their kind generosity. We plan to use these funds for the 2012-13 school year.

---

## **High School Students Compete at 8th Annual JA Titan Challenge**

High school students from many York County Schools arrived at the Penn State York Campus to take part in a day of learning, team work and business decision making. The JA Titan Challenge required these high school students to make critical economic and management decisions to students through an interactive computer simulation. The students participated in two rounds of the business strategy competition. Each team was comprised of two high school students to form companies. As a team, they made business decisions in the marketplace by adjusting the price, production, marketing, capital investment, research & development and charitable giving. The teams competed through several rounds of the simulation and were challenged to outperform the competition in profit, sales, and market share.

Along with the online simulation, the students participated in two team build-

ing activities as part of the Entrepreneurial Challenge. The Aluminum Foil Sculpture activity promoted innovative thinking and the Marshmallow Challenge encouraged prototyping and teamwork. Other special events at the Titan Challenge included guest speaker Michael Falco from The Executive Peer Forum who spoke

on the traits of an entrepreneur and a Penn State York representative who spoke on the benefits of a business degree.

At the end of the event, the winners of the 8th annual Titan Challenge were announced. The final score was based on a Performance Index, a weighted measurement of aspects of companies' value and performance, calculated from the two rounds of interactive computer simulation competition. Team Egg Roll from East Pennsboro High School in Harrisburg took home the \$1,000 scholarship for each student on the team to go towards continuing education. The first runner-up at Penn State York, with each student receiving a \$500 scholarship, was team Market Madness from Northeastern High School.

For more information on Junior Achievement of South Central Pennsylvania programs, please call 843-8028 or visit [www.jascpa.org](http://www.jascpa.org).

## Scholarships Presented at Campus Night

Andrew L. Rudisill Scholarship (Business major)	\$100	Tyler J. Krout

# EYE ON Athletics

## 2011-2012: CONTINUED SUCCESS FOR NIGHTHAWK ATHLETICS!

Although the 2011-2012 school year did not bring any new team championships to the district, many of our athletic teams continued the success they have become accustomed to over the past few years. All teams improved throughout each of their seasons and have laid a strong foundation for future accomplishments. The renovation at Sheppard & Myers is now complete and it will prove to be beneficial to our football, track, and soccer programs. Our summer camps, and open gyms are in full swing and our coaches are excited to see what the 2012-2013 school year will bring the Hanover Public School District in the way of athletics! Pictured above are the various award winners at the 2011-2012 HABC banquet!

# Students Supporting Students

**Link Crew Freshman Orientation, Monday, August 27, 2012**

The High School is excited to welcome the Class of 2016 for 9th Grade Orientation on August 27th from 8:15am-3:00pm. In fact, the preparations for the orientation have already begun. Twenty-eight upperclassmen were selected as Link Crew Leaders. These same students will complete twelve hours of training this summer with a common purpose - to welcome, support, motivate, and inspire the Class of 2016!

Link Crew is a nationally recognized high school transition program built on the belief that students can help other students succeed. Incoming freshmen will receive support, guidance, and tutoring from their Link Leaders on the day of orientation and beyond.

Throughout the school year, Link Crew Leaders will be developing additional mentoring and tutoring programs to address academic and social needs of all students. After school social events are in the works for parents and students as well. The potential is endless!

For more information on the August 27th Orientation, or future mentoring and leadership programs within the high school, contact:

Mr. David Harnish  
Transition Coordinator  
637-9000, Ext. 318  
dharnish@hpsd.k12.pa.us

Mr. Daniel "Bo" Koishal
