## *Alma Mater*

As the days go by with swiftness

That form the passing years,

To our dear old Alma Mater,

We raise our songs and cheers.

To old high we pledge our favor,

No honor shall she lack.

As we pledge ourselves defenders,

Of the Orange and the Black

Through four long years of high school

Midst scenes we know so well,

And mystic charms to knowledge,

We vainly seek to spell.

When we win athletic victories

On floor or field or track,

Still we pledge ourselves defenders,

Of the Orange and the Black.

When cares of life o'er take us

And our locks are tinged with gray,

Our dearest hopes betray us,

False Fortunes fall away.

We can vanish care and sadness,

And turn our memories back.

And recall the days of gladness 'neath

The Orange and the Black.

## *Oak Leaf History*

The tradition of the Oak Leaf Award originated in 1933 when the senior class requested to conduct their awards assembly beneath a majestic white oak tree on the campus of Eichelberger High School. With the building of the new Hanover High School in 1965 the tradition continued under a direct descendant of the original oak. The tree on the front lawn of 401 Moul Avenue was germinated on the grounds of Eichelberger High School over 40 years ago, and was moved to its present location in 1970.

The tree now serves as the backdrop for the presentation of the Oak Leaf Awards. A new tradition was established in 1995 when commencement activities were moved to the front lawn. As each member of the senior graduating class enters, the oak tree is touched to signify their connection to Hanover High School's proud history. As the seniors become one with all other Hanover graduates, they simultaneously draw energy from the past and add vitality.

The oak tree is symbolic of strength, and our Oak Leaf Award represents strength in character, strength in leadership, and strength in dependability. The male and female recipients of this award are determined by a majority vote of the high school faculty. The pin that is given carries immeasurable honor. It carries with it no monetary value. It is not earned as a result of successfully completing certain requirements; but it carries with it a most large tradition. The recipient of the Oak Leaf Award traditionally has been that student who best represents what this community expects from its educational program. This is not an award limited only to scholastic achievement, or athletic prowess. This recipient does not merely excel in one subject area or exhibit talents in only one arena. The recipient of this award enters the greater community having demonstrated all that is best.
